Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Friday 24 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Murky with rain spreading east later.

This Evening and Tonight:
Evening rain soon clearing eastern counties, then a drier interlude but becoming rather murky with some fog. Further rain moves in from the southwest through the second half of the night, heavy at times and bringing a fresh breeze. Mild. Minimum temperature 7 deg C (45 deg F).

Saturday:
Cloudy with outbreaks of rain, some heavy, affecting much of the region for most of Christmas day. Feeling mild, especially in the far southwest, with a moderate breeze. Maximum temperature 11 deg C (52 deg F).

Outlook for Sunday to Tuesday:
Sunshine and showers on Boxing Day. The potential for some more persistent rain and stronger winds for a time on Monday. Rather cloudy on Tuesday with further rain possible later.
